

October 23, 2020

Dear MBTA Families;

Good day. This year the graduating class of 2021 decided to create and make buttons as a part of their homeroom leadership project. They designed several buttons that are on the back of the attached order form.

People can order buttons at any time during the school year. Each season there will be new button designs from the 8th grade class. All buttons will be designed and colored as well as made by the students during their afternoon homeroom leadership class time. Those students at home will also be participating by designing and coloring buttons as well.

Besides the pre-designed buttons, the students will accept requests and pictures to create a button specifically for your needs at an additional cost as listed on the order form. You may place orders at any time, but you need to pay for your button when you order. Buttons will be made during the week in the afternoons and then delivered weekly.

The proceeds from the sales will go towards the eighth grade spring / graduation trip. If by any reason we cannot go on the trip, the students will be designing and creating T-Shirts for graduation and get a treat box to have an in class celebration at the end of the year. They also plan to use some of the funds to donate a gift to the school at the end of the year.

Please allow 1 week for most orders to be processed by the students. Thank you for your support with this fundraising project.

A handwritten signature in black ink that reads "Mrs. Valdes". The signature is written in a cursive style with a long horizontal line extending to the right from the end of the name.

Mrs. Valdes
8th Grade Homeroom Teacher
